NOV 7th

INDOOR MEET ROYAL OAK OCKBROOK

8.00p.m.

This indoor meet will take the form of a Forum with Dennis Gray in the 'Hot Seat'. Details are not completely finalised, but we anticipate that Dennis will start by giving a short talk on the B.M.C., his role within the B.M.C. and B.M.C. activities. This will be followed by a period of questions and answers.

The evening will provide an excellent opportunity for the Oread to express its opinions on the work that the B.M.C. is carrying out & perhaps point out other fields where they should be playing a part. Pollution, access rights, new roads, & dams, safety etc. are all fair game as I see it.

NOV 10/12

WELSH HUT

EMERGENCY WORKING PARTY TAN-Y-WYDDFA

During the painting of the outside of Tan-Y-Wyddfa on the Sept. working party, it was found that the wooden lintel which supports the bay window of the Oread room was completely rotten. It is proposed that some wooden shuttering be fixed on the outside of the bay window, steel tubing placed in the position of the lintel and a concrete mix poured in from above by removing some of the floorboards in the bedroom.

The work is to be carried out on Nov. 11/12 the same weekend as the Oread meet at Tan-Y-Wyddfa, and it is hoped that members attending this meet will lend a hand in carrying out the emergency work. Further information and offers of help to Paul Gardiner or Colin Hobday.

Once again the dinner will be at The Green Man, Ashbourne and this year's guests will be Tony Moulan, President of the B.M.C. and David Cox President of the A.C. The dinner is timed for 7.30 p.m. so please be early - last year we finished after midnight!

Due to inflation etc. we have again had to increase our price and the dinner this year will be £1.65. However, I am sure this will not deter you from the event of the year.

Please fill in the Pro-Forma and return to Derrick at 36, Hillside, Findern, Derby. As in previous years, guests must be limited to one per member, and applications should be in early as last year was a complete sell-out.
