

What was the question? The answer was the following quote from Wendy  
Cryer.

"I find it best to hold it between my knees first then wiggle it in".

"I'll buy a pint for the person who comes up with the most original  
suggestion."

ORCAD MEETS CIRCULAR APRIL/AI 20

For those with a strong pair of walking legs and a masochistic nature  
this month appears to have hit the jackpot. However, as you will see  
from the following write-ups most interests will be catered for. Jack  
Ashcroft with his Malham-Stansage Walk has devised a very cunning  
method whereby those who wish to walk or climb to their hearts content  
may do so. The theory is that the first day the climbers will spend  
on (or off) Malham and in the evening will drive down to rendezvous  
with the walkers after their first stint. The same will apply the  
following two days with everyone, hopefully, finishing up at Stansage.

Also included in the Circular is an advanced notice of the Landy  
Meet which will take place in September. Thanks to the efforts of  
Stuart Firth 14 places have been secured on the island but unfortunat-  
-ly advanced payment is required so interested parties please take  
note.

Ron Sant  
20, Ashby Road  
Melbourne.

A.G.M.

APRIL 26

Quemilish

A final reminder is hereby given (as if one was really necessary)  
that the A.G.M. will take place on April 26th commencing at 7.30 pm.  
Agenda and details are as in the previous deets Circular and for those  
with poor memories the venue is Baslow Village Hall.

MALHAM-STANSAGE WALK

AI 2/2

JACK ASHCROFT

Without wishing to confuse the issue this will be a joint climbing/  
walking meet. The intention is to camp in Gordale on the Friday  
night (G.R. 914635) and for the walkers make an early start on  
Saturday. The climbers can lie in. The walk will obviously follow  
the Pennine Way - though not slavishly so. Lateral deviations of  
upto 10 miles east and west are contemplated.

The total distance of the walk is some 70 miles which is of course  
in line with the kind of distance covered in a weekend Marsden-Bowsley  
Walk of old - except this adds another days enjoyable exercise or  
masochistic purgatory depending on your point of view.

A little organisation is called for with transport. If those who intend  
to stay at Malham and climb will offer car seats to walkers and arrange  
to meet again at Stansage on Monday we should be home and dry - at least  
on the transport scene. The walkers may even find time for a route of

two at 'Storage or Storage' - but it won't be the left of conquerable or anything resembling it for me.

I hope to be down at the Rowing Club before the event but I may also be contacted on Sheffield 890717.

Footnote : Jack has asked me to point out that he will probably be booking accommodation for the over-night stops. If anyone else is interested please contact Jack at the earliest opportunity.

COLEMAN

MAY 10/11

F&FB O'ASILL

This area provides some of the best gritstone climbing of all grades that you will find anywhere, plus excellent moorland walking.

There is a good pub just down the road at Tintwistle with a three star chip shop next door.

The camping will be at the Peak Park site at Crowden in Longdedale G.R. 074992. Crowden is on the A628 Sheffield to Manchester (Woodhead) road about three miles NE of Glossop. From Glossop Take the B6105, turn left at the T junction, then right after half a mile. The site is about 150 yds. on the left past the YHA.

I hope to see you on Friday evening either at the site or in 'The Church' at Tintwistle.

A x 3000" - LAKE

MAY 17/18

BRIAN WRIGHT

On Saturday I intend to lead an attempt on the above walk which starts and finishes at the Achille Ratti hut at Dunmail Raise. However, both walkers and climbers are welcome as the hut is large and is the best situated in the Lake District (anywhere, bar Wasdale, in 30 mins. or less).

The hut is reached by following the normal A6 route (exit junction 36), then A591 through Kendal, Ambleside and Grassmere. 1 mile past Grassmere a steep wide road climbs to the col known as Dunmail Raise. Before the dual carriage way section, and where the road levels off, you will find the hut and a layby on the right where cars may be parked.

I will be in the 'Travellers Rest' G.R. 336091 from 9.30 pm. Hope you can make it, and if so, have a safe journey. For further details please see Gordon Wright at the Rowing Club or ring 0223 56532 in evenings.

ARRAN

MAY 28/-

CHRISTINE CHAMBERLAIN

A full write-up for this meet will appear in the next Circular, but for anyone who is intending to take their car over to Arran, then I would advise them to book early. Information regarding booking and sailing times is available from Ron Cant and interested parties should contact him at the Rowing Club or on Welbourne 3579.

ADVANCE NOTICE - LUNDY

SEPT 14/21

STUART FIRTH

Lundy, by all accounts is a rather special place to visit, being a remote rugged island in the Bristol Channel with a unique atmosphere and some excellent sea cliff climbing, eg. Devil's Slide 400' severe, Promised Land 280' extreme. Very fortunately, I have been able to book prime accommodation on the island in the form of 'The Barn', a building of great character and with good views.

For various reasons advance notice is necessary for this meet :

- i) Firstly, a week's holiday in September is required.
- ii) Secondly, accommodation is limited to 14 places.
- iii) Thirdly, payment has to be made three months in advance.

Therefore, anyone wishing to book a place should send me name, address, telephone number and £15/head to arrive no later than July 31st. Priority will be given to active climbers but otherwise first come, first served. Details of boat crossings will be given nearer the time.

Stuart Firth, 34 Brookside Avenue, Kenilworth, Warwick.
